

Are you concerned about children's health and fitness? Do you want to help build a product to motivate kids to lead healthier lives in a fun and educational way?

Are you interested in working for an innovative, rapidly growing company?

Adventure to Fitness is a groundbreaking entertainment company focused on children's education and fitness. Animated episodes challenge kids to 30-minute workouts while they learn about geography, science, social studies, language arts, and health with lessons that track the common core standards. Adventure to Fitness has experienced phenomenal growth, quickly becoming one of the fastest-growing and most-used programs throughout the US school system. We recently launched products in the home, where our rapid growth continues.

We are looking for a *creative* and *dynamic* person to help continue to develop our existing products, as well as, develop new supplemental games, activities and suggested lesson plans.

Role: Educational Product Development

Location: NYC (some work can be done remotely)

Hours: Flexible

Primary Responsibilities include:

- Help develop and improve our existing products – live action & animated adventures (distributed via streaming & DVD), supplemental learning materials and website content (games, activities and classroom resources)

Requirements

- College degree
- Teacher certification
- Specialization in curriculum and instruction
- General Classroom, Physical Education or Special Needs teaching experience, ideally across multiple age groups with an elementary school age focus
- Team player
- Spanish language skills a plus

This opportunity will allow you to get in on the ground floor of a fun, exciting and mission-minded company. **You will share in our success, financially and professionally.**

Are you interested in exploring this opportunity? Please send a resume and your contact details to careers@adventuretofitness.com.
